Mission

Supervising population in their activities by teaching them entrepreneurship principles based on ethics so as to give them chances of success in a globalise economy.

Objectives

- ▶ Putting on practice our skills and academic knowledge acquired at school
- ▶ Contributing to economic development of our country by promoting private initiative
- ▶ Participating to the sustainable development by supervising micro enterprises
- ▶ Acquiring and developing team spirit around SIFE criteria
- ▶ Assuring a follow up of the developed project in the frame of the team activities

Let's change the world
